**SEKTION,
A KITCHEN
WITH MORE OF
EVERYTHING**

PERSONAL
SEKTION gives you plenty of choice, both in function and style. It's easy to create a kitchen that's all "you".

SEKTION - IKEA's flexible kitchen system. All designed to give you more. More freedom, more flow, more fun, all at an IKEA price. So if you've locked your kitchen dreams away because you didn't think you had the space, the time or the money - or because you simply couldn't find a kitchen that was "you" enough - keep reading. And get ready to set those kitchen dreams free.

THE INSIDE DOESN'T DICTATE THE OUTSIDE

Choose the number of cabinets and drawers that suit your needs and your space, then decide how many doors and fronts you want. A door for each cabinet or a large door that covers several cabinets? Lots of visible drawers or smart hidden ones? It's up to you. Then add appliances that blend seamlessly with your kitchen. With SEKTION you don't have to compromise on function to get the look you want.

LET US DO IT FOR YOU

IKEA kitchens are designed so you can easily install them yourself, but if you like we can help you along the way. In fact we can help you with everything from measuring and planning to complete installation. So not only will you save time and energy for things you'd rather be doing, you'll also know that the job will be done right.

A KITCHEN BUILT FOR TODAY. AND LOTS OF TOMORROWS.

The average kitchen sees a lot of action. For a lot of years. So it's important that it's built to take whatever you and your family can dish out. By the time an IKEA kitchen is put on the market it's been put through a lot. Banged, weighed down, spilled on. You name it. So when you choose an IKEA kitchen, you're not only getting a great looking kitchen that works well, you're also getting one that will stand up to life in your home for many years to come.

OPEN ALL HOURS

This is where life happens. Where you catch up with your teens as they raid the refrigerator. Where you bake those 50 cupcakes you'd promised (and promptly forgotten) for the school bake sale. Where you and the kids play "making breakfast" and they actually learn to make pancakes. The heart of the home. And like the best of hearts, always open.

APPLIANCES

What is covered under this warranty?

The warranty covers faults of the appliance, which can be proved to have been caused by faulty construction or material faults from the date of purchase from IKEA. This warranty applies only when this major appliance is operated and maintained according to instructions attached to or furnished with the product. This warranty applies to domestic use only. Whirlpool Canada LP (hereafter "Whirlpool") will pay for factory specified parts and repair labour to correct defects in materials or workmanship. Within the warranty period, the costs to remedy the fault (e.g. repairs, parts, labour and travel) will be covered, provided that the appliance is accessible for repair without special expenditure. Replaced parts become the property of IKEA. The exceptions are specified under the headline "What is not covered under this warranty?"

How long is the warranty valid?

This warranty is valid for five (5) years from the original date of purchase of the IKEA appliance from IKEA. If service work is carried out during the warranty period, this will not extend the warranty period for the appliance, or the new parts.

Which appliances are covered under this warranty?

The five (5) year warranty is valid for all IKEA appliances, except for LAGAN appliances, which have a 1 year warranty. Whirlpool, through its own service operations or authorized service partner, will at its sole discretion, either repair the defective product or replace it with the same or a comparable product. In these cases, Whirlpool will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that Whirlpool incurs, provided that the product is accessible for repair without Whirlpool incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by Whirlpool (or its authorized service partner).

What is not covered under this warranty?

Service calls to correct the installation of your major appliance, to instruct you on how to use your major appliance, to replace or repair house fuses, or to correct house wiring or plumbing is not covered. Service calls to repair or replace appliance light bulbs, air filters or water filters. Consumable parts are excluded from warranty coverage. Repairs when

your major appliance is used for other than normal, single-family household use or when it is used in a manner that is contrary to published user or operator instructions and/or installation instructions. Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, installation not in accordance with electrical or plumbing codes, or use of consumables or cleaning products not approved for use. Cosmetic damage, including scratches, dents, chips or other damage to the finish of your major appliance, unless such damage results from defect in materials or workmanship and is reported within 30 days from the date of purchase. Any food loss due to refrigerator or freezer product failures. Costs associated with the removal of your home of your major appliance for repairs. This major appliance is designed to be repaired in the home and only in-home service is covered by this warranty. Repairs or parts or systems resulting from unauthorized modifications made to the appliance. Expenses for travel and transportation for product service if your major appliance is located in a remote area where service by an authorized service is not available. The removal and reinstallation of your major appliance if it is installed in an inaccessible location or is not installed in accordance with published installation instructions. Major appliances with original model/serial numbers that have been removed, altered or cannot be easily determined. This warranty is void if the factory applied serial number has been altered or removed under your major appliance. The cost of repair or replacement under these exclusive circumstances shall be borne by the customer. Transportation damages are not covered under this warranty. If a customer transports the product to their home or other address themselves, IKEA is not liable for any damage that may occur during transport. However, in case of IKEA delivery of the product to the customer's delivery address, then eventual damages to the product that occurs during this delivery will be covered by IKEA (but not under this warranty). For claims under this last particular condition the customer should contact the IKEA store where the original purchase was made.

Care instructions:

To be able to rely on this warranty you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: www.IKEA.ca

General legal rights:

This warranty gives you specific legal rights. This warranty does not, in any way, affect the rights given to you by law. You may also have other rights under applicable provincial/territorial law. IKEA is not responsible for incidental or consequential damages. Some provinces do not allow the exclusion or limitation of incidental or consequential damages, or limitations in the warranties, so these exclusions or limitations may not apply to you.

How to reach us if you need service:

Contact your local IKEA store. You will find the phone numbers in the catalogue or at www.IKEA.ca. In the case of "for IKEA by Whirlpool" products, contact the service team at Whirlpool Customer Care Centre directly at 1-866-664-2449. Save your sales receipt as proof of purchase. Proof of purchase is required for the warranty to be valid.

WHAT'S INCLUDED IN THE PRICE?

SEKTION kitchen system is the foundation in all of our built-in kitchens. Based on strong - sturdy base cabinets, wall cabinets and high cabinets in numerous depths, heights and widths - SEKTION allows you to create exactly the kitchen you want. Use the SEKTION buying guide to get in-depth knowledge about the system, how to build it, all the parts and prices. Download it today at IKEA.ca/kitchen, or get a copy at the IKEA store.

Two prices make it easier to compare

For every kitchen we present in this brochure, you'll see two prices. The first relates to the linear foot price of a standard 10x10' kitchen in the door style presented in the picture, while the second one indicates the price of the total combination shown in the floor plan on the page.

Linear foot price

The linear foot price includes: cabinets, door fronts, drawers and drawer fronts, interior shelving, hinges, cover panels, toe-kicks and legs. Your choice of countertops, handles/knobs, appliances, sink, faucet and lighting are sold separately.

Combination price

The combination price includes: cabinets, doors/drawers, interior shelving, hinges, cover panels, toe-kicks, legs, sink, faucet and handles/knobs as shown in the floor plan on each page. Your choice of countertops, appliances and lighting are sold separately.

Standard 10x10' price (see page 70)

The linear foot price noted above is based on the standard 10x10' kitchen combination shown on page 70. See above for what is included in the linear foot price.

SPECIAL INFORMATION

This brochure has been prepared by IKEA. Sources of supply and specifications are subject to change. Every reasonable effort will be made to ensure that all advertised merchandise is available in adequate supply. A high standard of accuracy has been sought in the preparation of this catalogue. Errors and omissions are always a possibility. Although IKEA cannot be held responsible, upon the discovery of any errors or omissions, all reasonable steps will be taken to inform IKEA Customers. Find more information at IKEA.ca.

COUNTRY OF ORIGIN

For all our products, we choose specialized manufacturers who can produce our components at the most economical prices. A single item may consist of several components from different countries. Country of origin information is available on each component when you pick it up.

KITCHEN FAUCETS

What is covered under this warranty?

The 10-year warranty is valid for all kitchen faucets at IKEA. This warranty covers defects in material and workmanship. This warranty applies to domestic use only.

What is not covered under this warranty?

This warranty does not cover normal wear and tear, cuts or scratches, or damage caused by impacts, accidents or waterborne debris, or if the products have been used in a corrosive environment.

See also general conditions in the warranty folder for faucets.

GENERAL CONDITIONS

What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under this warranty. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorized by IKEA. Any defective parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

Conditions for the warranties:

The warranties are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions:

The warranties do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning

methods or wrong cleaning products. The warranties do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The warranties do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The warranties do not cover consequential or incidental damages.

Care instructions:

To be able to rely on this warranty you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: www.IKEA.ca

IKEA's Professional Kitchen Installers are dedicated professionals who undergo rigorous training and uphold high standards of trust, quality, and craftsmanship to ensure that your kitchen is done right.

INSTALLATION SERVICES

We offer a full range of services from planning to basic installation to total project management - everything you need to make your kitchen dream a reality. Simply choose the package that suits you.

IN-HOME KITCHEN PLANNING SERVICE

This service includes the Measuring Service and a Personal Planning Consultation. For a small fee, a professional kitchen planner from our service partner will visit you in your home to give you a detailed layout of your kitchen including cabinets, appliances and IKEA countertops.

BASIC KITCHEN INSTALLATION SERVICE

Basic installation is priced per cabinet so it's easy to calculate the cost of basic installation. Installation includes: Assembly and installation of IKEA cabinets, drawers, doors, interior fittings, deco strip, light valance, legs and toe-kicks, fillers, side cover panels, cut-out in cabinet for IKEA exhaust hood and IKEA handle/knob placement.

TOTAL PROJECT MANAGEMENT

Total Project Management is an additional service provided by our independent service provider that includes a project manager who will coordinate all goods and services for your new IKEA Kitchen Installation. The fee is in addition to any installation service.

- Individual Kitchen Planning Service
- Dedicated Project Manager who manages all aspects of your kitchen remodel
- Detailed project estimate (both time and cost)
- Purchase and delivery of any miscellaneous materials needed for the project.
- Project scheduling
- Trades coordination of service providers recommended: Plumbers, Electricians, Carpenters, Painters, Tile Setters, Counter top Fabricators.

MEASUREMENT SERVICE

No matter what size your space, your dream kitchen needs to fit just right. Ask us about our in-home measuring service. Our team of professionals will come to your home and take all the measurements you need for the perfect kitchen set up.

Measuring service includes:

- Room dimension (height, length, width)
- Dimension and position of windows and doors
- Width of all windows (including sill) and their height above the floor.
- Position of electric, water and gas connections and other fixtures, e.g. Pipes, radiators, etc.
- All required dimensions will be entered into the IKEA Home Planner, and saved to your own account under your unique user profile.

DELIVERY SERVICE

We can deliver purchases directly to your home or office.

Speak with a co-worker or pick up a Home delivery brochure for more details.

Next day or same week delivery is generally available in all store locations.

DO IT YOURSELF IN 4 EASY STEPS
