## Make of it what you will

A kitchen is many things. Heart of the home, food factory, chill-out zone. But it can also be a place to express yourself. Somewhere that reflects your values, your flair for design and even your sense of humour. A METOD kitchen gives you endless possibilities, so why not create a cluster of cabinets here, put up a single cabinet there, and throw in a splash of colour for good measure? The choice is all yours.

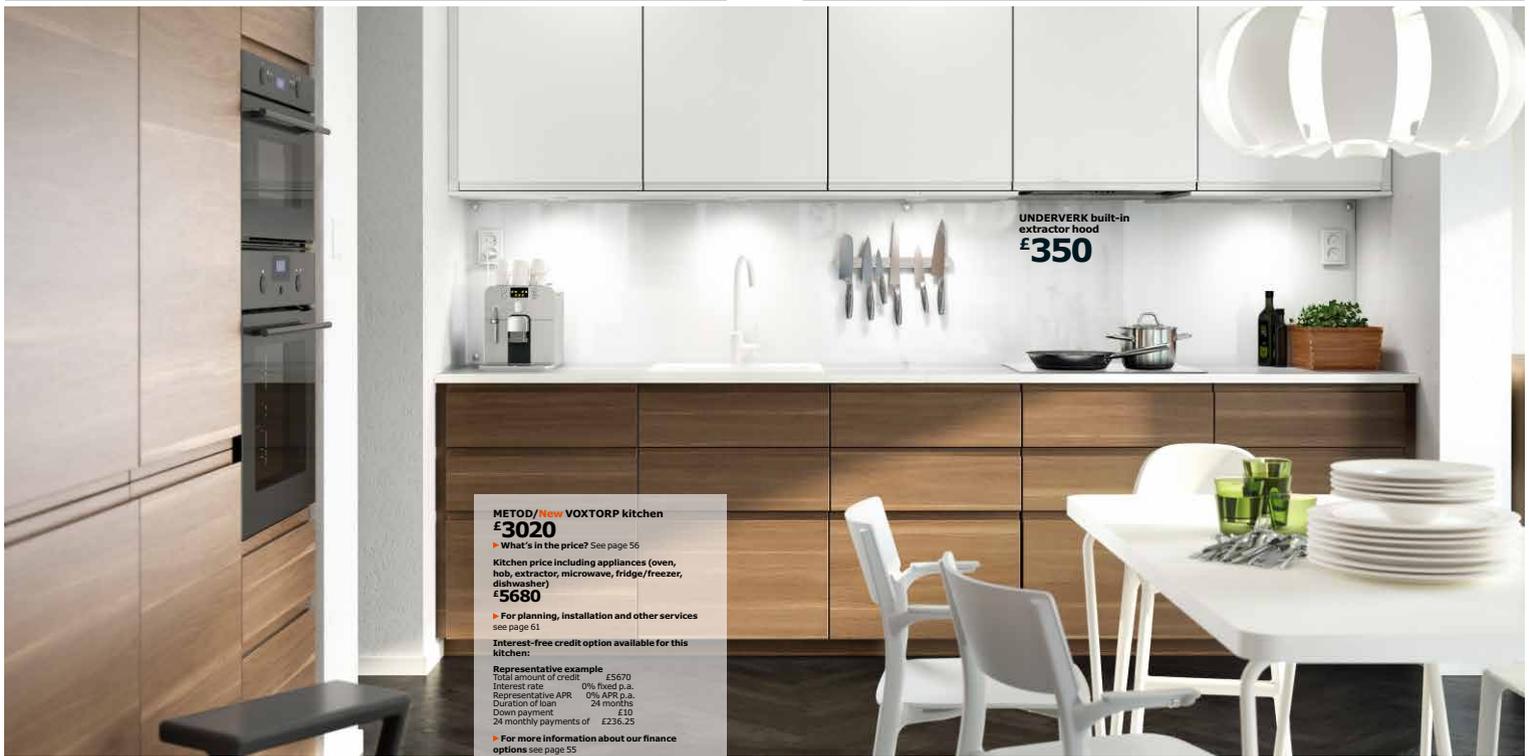

Choose the number of cabinets and drawers that suit your needs and your space, then decide how many doors and fronts you want. A door for each cabinet or a large door that covers several cabinets? Lots of visible drawers or cleverly hidden ones? Then add your choice of smart internal organisers. It's entirely up to you.

For claims under this last particular condition, the customer should contact IKEA Customer Service at [ikea.co.uk](mailto:ikea.co.uk). • Cost for carrying out the initial installation of the IKEA appliance. These restrictions do not apply to work carried out by a qualified specialist using our original parts in order to adapt the appliance to the technical safety specifications of another EU country.

### Kitchen mixer taps

Free 10-year Guarantee

**What is covered under this guarantee?** The 10-year guarantee is valid for all kitchen mixer taps at IKEA. This guarantee covers defects in materials and workmanship. This guarantee applies to taps put to domestic use only.

### What is not covered under this guarantee?

This guarantee does not apply if the products have been used in a corrosive environment.

### What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under the guarantee. IKEA will then, at its discretion, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the cost of repairs, spare parts, labour and travel for IKEA repair staff or service engineers, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorised by IKEA. Any defective parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

### Conditions for the guarantees

The guarantees are valid from the date of purchase of IKEA (or date of delivery by IKEA if later). The original purchase receipt (or email confirmation if ordered online) is required as proof of purchase.

**Exclusions** The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned using incorrect cleaning methods or cleaning products. The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damage suffered by any person. The guarantees are for the benefit of the original purchaser of the product. For details, see the guarantee conditions and description for every product.
