**Turn space into a room** Ceiling fittings let you create room dividers practically anywhere.

**ANNO SANELA**  
panel curtains  
**£12/ea**

**Control light** Combining panels, curtains and blinds lets you change the amount of incoming light to match your mood - from bright and sunny to soft and subdued.

**KAJSA**  
panel curtains  
**£10/ea**

**Create sweeping curves**  
Curved sections let you give your bay windows the treatment they deserve.

**KVARTAL**  
curved solution  
**£76.94**

## KVARTAL – The freedom of a system

KVARTAL is a system for hanging panels and curtains. Unlike ordinary curtain rods, KVARTAL consists of different parts designed for different functions. No longer are you constrained by the architecture of the room. Simply choose the parts that match your ideas.

### What to think about

KVARTAL offers you unprecedented freedom. However, you're going to need to know which parts to buy. Here are a few pointers to get you started:

### How long?

You can make KVARTAL as long or as short as you like – all you have to do is put the rails together and, if need be, cut them to the right length. A mitre box and saw form part of the KVARTAL range.

### Ceiling or wall mounted?

KVARTAL gives you freedom of choice, but you will have to buy either the wall fittings or ceiling fittings.

### Curved or straight?

KVARTAL doesn't only think along traditional lines. It also lets you create imaginative curved solutions. For curves you will need to buy the curved rail sections. To go around corners, you will need the corner piece.

### Curtains or panels?

With KVARTAL you can choose from a wide range of panels and curtains. For panels, you will also need to buy top and bottom rails (sold together). For curtains, you will need gliders and hooks (sold together).

### How many layers?

With KVARTAL you can have up to six layers of panels. Rails are available in single track or three track versions.

### Find exactly what you need in the KVARTAL Buying Guide

In this brochure, you will find lots of inspirational ideas. To see exactly which parts were used to create each solution, refer to the KVARTAL Buying Guide.

Get the KVARTAL Buying Guide at [IKEA.CO.UK/KVARTAL](http://IKEA.CO.UK/KVARTAL) or at the IKEA store.
