A bamboo chopping board is the central focus, resting on a light-colored cloth with vertical stripes. On the board, there are three whole red apples, a slice of lemon, two apple slices, and a sprig of fresh mint. A large kitchen knife with a silver blade and a black handle lies on the right side of the board. The scene is lit from the top left, creating soft shadows.

## *Helping to create the wonderful everyday*

A smile, a kind word, a twinkle in the eye, all work wonders for making us feel good.

Or maybe it's the handy step-stool that brings you and your child closer together. The tray to take your partner a surprise breakfast in bed today, just because.

It's simple things that can help the day to feel extraordinary. To create moments that are special, even though they are part of ordinary, everyday living.

We begin this year in and around the kitchen, where there are so many of these heart-warming moments to enjoy. From here, to every other room in your home, you can find ideas to make every day more wonderful.

## Tasty, sustainable and great value

Salmon is a delicious and affordable way to get your protein, vitamins and vital omega-3 fatty acids.

And you can be sure that the salmon comes from a farm that has been independently certified to Aquaculture Stewardship Council (ASC) standards for responsibly farmed seafood. To be ASC-certified, a fish farm must reach high standards of environmental and social responsibility.

We work closely with our suppliers and other organisations to raise food standards and to put sustainability at the heart of our business. So that you can just focus on the yummy flavours.

Salmon is a delicious source of the omega-3 fats that are essential for a healthy body.

## Relaxing

Laid back and loving it. A place to tune out or to tune in, depending on our mood. Often together, and sometimes on our own, this is both our entertainment complex and our quiet retreat. An uplifting space that calms us down and cheers us up, eases away any stress of the day and lets us find ourselves. And if we just want to have fun, it's never far away.

**Who wants to play chase?**  
Rounded corners and soft textiles make for more fun.

## Organising

You know exactly where you left it. Purse, keys, scarf, hat, cuddly toy. You put it down as you come in, and pick it up as you go out. Easy. It keeps the coming and going running smoothly, and speeds things up. Shelves and boxes, hooks and hangers are the unsung heroes, saving time and showing life who's in control. It's multi-tasking made easy.

**Running like clockwork**

A well planned high traffic area means no jams, and quicker exits. Unless he just wants to play a little longer.

When corners are covered, you're less likely to be delayed by a bumped forehead.

# Today, we're full on with LED lighting

So your lamps and light bulbs use very little energy, light your home beautifully, and can last you for decades.

Jenna Lighting Department, USA

**"LED lighting just looks better."**

LED light can shine for 25,000 hours, whereas old incandescent bulbs last about a thousand. So it's no wonder that we went full on with LED lighting. Meaning every light bulb and built-in lamp that IKEA sells.

The light quality is just as good if not better than incandescent bulbs, using up to 85% less energy. So you save on your electricity bill and there's less pressure on the world's resources.

What's really cool is that new, slim lamp designs are only possible with LED lighting. Don't worry, LED light bulbs fit the favourite lamps you already have. And from now on, you won't be up a ladder to change them so often!

*A mirror door on your wardrobe can save you space and time in the bedroom. No separate mirror, and no to-ing and fro-ing to check your outfit. The doors close the last little bit by themselves, to help set that calm, in control tone for the rest of your day.*

**How to become an expert in the art of snuggling**

It always feels great to wake up refreshed and ready for the day ahead. And a comfy bed is the key to getting a good night's sleep. How firm or soft the mattress and pillows, how warm or cool the quilt, the right combination is all down to your personal taste.

Our coordinated series of mattresses, quilts and pillows makes it easy to create your own cocoon of comfort. That has just the right texture, climate and level of softness to keep you cosiest.

At your local IKEA store you can test touch, squeeze and snuggle to your heart's content, until you arrive at total comfort. Come morning, you'll be glad you did.

# More help for refugee families

IKEA Foundation continues to support the UN Refugee Agency (UNHCR) in providing refugees with a better place to call home, including sustainable energy and lighting solutions to improve conditions for refugees around the world.

Next it will support UNHCR in improving access to clean and renewable energy, giving refugees the opportunity to cook their own food and pursue household activities after dark, making refugee camps a safer and more sustainable place to live. Our commitment is to create a better everyday life for the most vulnerable children and families.

In funding the lighting and cooking needs of refugees, among other activities, IKEA Foundation provides positive energy for the future!

## What is IKEA Foundation?

IKEA Foundation aims to improve the lives of children in the world's poorest communities. We think long term and work with partners to:

- Help refugee children and families to create better lives
- Fight the root causes of child labour
- Empower women and girls.

We help with things that all children need, a safe home, a healthy start in life, a quality education and a steady family income. In the years to come, IKEA Foundation will continue to offer a positive future for the most vulnerable.

## Woods in your community - an IKEA® and Woodland Trust partnership

► To see more pictures and read further, please visit [IKEA.co.uk/IKEAFAMILYpartnerships](http://IKEA.co.uk/IKEAFAMILYpartnerships)

We have been working in partnership with the Woodland Trust since 2007, and since then IKEA has contributed £2.4 million to transform local neighbourhoods by planting trees, making communities across the UK a little bit greener.

Established in 1972, the Woodland Trust manages over 1,000 sites across the UK, which are all free to visit. The charity's main aims are to create new native woodland, protect ancient woods and restore those that are damaged.

Our IKEA FAMILY 'A Foot of Forest' campaign has funded 309 acres of new woodland in the UK and is the Trust's key funder of its 'Trees for Communities' programme.

By the end of 2015 the IKEA FAMILY campaign will have paid for 1 million native trees to be planted across the UK.

IKEA also raises funds in its UK stores by inviting shoppers to donate £1 at the checkout, so they can personally help provide a tree for their local community.

► For more information about the Woodland Trust, please visit [woodlandtrust.org.uk](http://woodlandtrust.org.uk)

## What on Earth is it made of?

Taking care of Planet Earth means having a care how you use its raw materials. We like to work with materials that are renewable, recyclable or recycled. It makes sense for the planet, as well as for your purse strings. At IKEA, we are constantly looking for even better, more sustainable materials. Here are some of our current favourites.

### Cotton

From August 2015, all our cotton will come from farms using less water and pesticides, thereby improving the lives of farmers.

### Linen

The flax plants from which linen is made often grow without the use of artificial irrigation and pesticides.

### Wood plastic composite

We mix polypropylene with wood fibre from sawmill waste to create strong and low cost plastic products.

### Wood

We work with the Forest Stewardship Council® and other partners to source more wood from well-managed forests.

### Water hyacinth

This fast-growing plant is great for hand-woven items that need to be hard-wearing, such as placemats.

### Recycled PET plastic

Melted down and turned into pellets, PET plastic becomes a soft, useful textile, an ideal filling for things such as sofas and pillows.

### Bamboo

This plant provides a beautiful, strong and lightweight material that can resemble hardwood.

The IKEA Catalogue is printed on FSC® certified paper to ensure more sustainable origins of the wood used.

# Guarantees

General conditions

### What is guaranteed?

The extent of the guarantee given for each product is described alongside each product. For each guarantee, any exceptions are specified under the heading: what is not covered under this guarantee.

### Duration of guarantee

Each guarantee lasts for the number of years stated against each product starting from the date of purchase (or date of delivery by IKEA if later).

### What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under the guarantee. IKEA will then, at its discretion, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the cost of repairs, spare parts, labour and travel for IKEA repair staff or service engineers, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorised by IKEA. Any defective parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

### Conditions for the guarantees

The guarantees are valid from the date of purchase at IKEA (or date of delivery by IKEA if later). The original purchase receipt (or email confirmation if ordered online) is required as proof of purchase.

### Exclusions

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned using incorrect cleaning methods or cleaning products. The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damage suffered by any person. The guarantees are for the benefit of the original purchaser of the product. For details, see the guarantee conditions and description for every product.

### Care instructions

To be able to rely on the guarantee, you must follow the specific care instructions for every product.

► You will find all care instructions in the IKEA store and on the IKEA website: [IKEA.co.uk](http://IKEA.co.uk)

### General legal rights

Each guarantee gives you specific legal rights. The guarantee is provided to you free of charge and in addition to the rights given to you by law. It does not, in any way, affect the rights given to you by law. Items excluded from the IKEA free extended guarantees will still be covered by the rights given to you by law. You can obtain information about your legal rights from trading standards offices or citizens' advice bureaux.

### How to reach us if you need service

Contact your local IKEA store.

► You will find the address and phone number on pages 311 and 312 in the IKEA catalogue or at [IKEA.co.uk](http://IKEA.co.uk)

Save your sales receipt or email confirmation as proof of purchase. Proof of purchase is required for the guarantees to be valid.

► To find out more, pick up the guarantee folders at your local store.

### Price guarantee

Catalogue prices are valid until 31 May 2016. All delivery services are charged separately, and are not included in the catalogue prices. PLEASE NOTE: We reserve the right to adjust our prices according to any alteration in the level of VAT or any other changes beyond our reasonable control, e.g. major currency fluctuations.

### Product description

We apologise for any alteration to products or product series that may be made during the life of this catalogue. Please also note that some articles may vary in size and colour as shown in this catalogue. Every effort is made to ensure the information in this catalogue is correct at the time of going to print.
