

BUYING GUIDE

ALGOT

Storage across the home

DESIGN

Francis Cayouette

QUALITY

Designed to work across the home. ALGOT shelves are durable, stain resistant and easy to keep clean. Brackets are made of high strength steel and can support heavy loads.

SAFETY

Floor-standing solutions with baskets must be secured to the wall, unless on casters. See pages 12-13 in this buying guide for information about which frames can be used with casters.

Different wall materials require different types of fasteners. Use fasteners (sold separately) suitable for the walls in your home.

Also please note that different wall materials are able to support different loads of weight. For instance, walls made of plaster cannot support as much weight as walls made of wood, concrete or brick. If you have any doubts regarding what kind of walls you have in your home, how much load they can carry or how to securely mount ALGOT onto your walls you must contact a specialized local dealer for advice.

GOOD-TO-KNOW

Max. load for ALGOT shelves, second value refers to metal shelves:

15 $\frac{3}{4}$ " wide

7 $\frac{1}{8}$ " deep: 15/22 lbs

15" deep: 33/44 lbs

22 $\frac{7}{8}$ " deep: 51/66 lbs

23 $\frac{5}{8}$ " wide

7 $\frac{1}{8}$ " deep: 22/33 lbs

15" deep: 49/66 lbs

22 $\frac{7}{8}$ " deep: 75/99 lbs

31 $\frac{1}{2}$ " wide

7 $\frac{1}{8}$ " deep: 31/44 lbs

15" deep: 66/88 lbs

22 $\frac{7}{8}$ " deep: 101/132 lbs

Wherever you need to store things, ALGOT has a solution that makes every square inch count. A smart design with clean lines means you can optimize storage without compromising on style.

You can use ALGOT to make both floor-standing and wall-mounted solutions. And with different accessories, ALGOT is easy to customize to different rooms and situations. From sorting clothes in the laundry room to organizing coats in the hall and storing food in the pantry – ALGOT is designed to work all across your home.

Brackets, shelves and other accessories simply click into place, which means assembly is a cinch. It also means ALGOT can easily adapt and change, just like your life does. Need more storage in the wardrobe for a new family member? Add baskets. Want to rearrange your laundry room? Shelves move easily. With ALGOT there's a solution for every storage need.

A high standard of accuracy has been sought in the preparation of this brochure. We apologize for, but will not be bound by or responsible for, errors and omissions in this brochure.

All the products (shown here) may not be available at the store. Some prices may vary by store. Please contact the staff or visit www.IKEA-USA.com for more information. For more detailed product information, see the price tag and the Internet. All units require assembly.

HOW TO PLAN

What do you want to store?

When planning for storage in your home, start by asking yourself what you need to store. Do you need somewhere to hang your clothes, store your bed linen or towels? Perhaps you need bookshelves or baskets to store your hats and gloves? ALGOT can offer many different storage solutions throughout your home.

How much space do you have?

Before you start to plan your new storage solution, find out what space you have to work with. Sketch out your working space, taking measurements from the floor to the ceiling and between the walls. Make a note of any window or door that might affect the size of your storage solution, take detailed measurements and make allowances for opening and closing doors. Don't forget to take into account any radiators, pipes, ventilation or other features that could affect your storage solution.

TIP: How to calculate the width of a tailor-made solution?

If you are planning your wall-mounted storage solution yourself, you need to allow for 1" for the width of the outer wall uprights and $\frac{5}{8}$ " for each center wall upright (since the shelves overlap the center wall upright). You must also add the width of the shelves or accessories you have chosen.

Widths of shelves and accessories

- 15 $\frac{3}{4}$ " (shelves)
- 23 $\frac{5}{8}$ " (shelves, baskets, drying rack, shoe organizer, pants hanger, Clothes rail for brackets)
- 31 $\frac{1}{2}$ " (shelves)
- 48" (drying rack)

Quick calculation guide

- 1 wall uprights +0"
- 2 wall uprights +2"
- 3 wall uprights +2 $\frac{5}{8}$ "
- 4 wall uprights +3 $\frac{1}{3}$ "

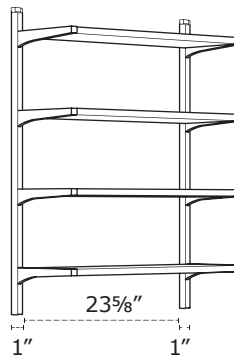

IMPORTANT!

When installing a wall-mounted ALGOT solution follow the assembly instructions that come with the wall uprights to ensure you get the correct distance between drilling holes.

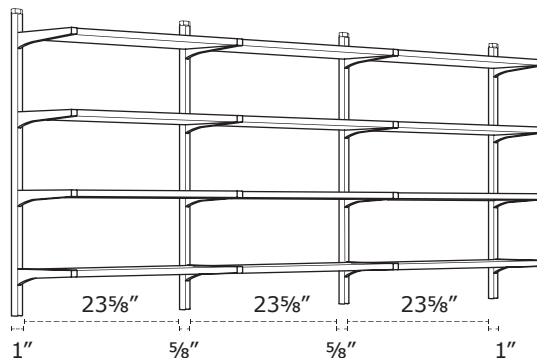

Ready-made or tailor-made?

You can choose one of our ready-made combinations or you can design your own custom-made ALGOT storage solution. Start by taking a look at the ready-made combinations included in this buying guide. Our in-store sales staff can help you compile a picking list of your chosen combination to guide you through the Self-Serve area and they can also inform you about other services such as assembly and home delivery services.

Please note: You can find a wider selection of ALGOT combinations on the IKEA website.

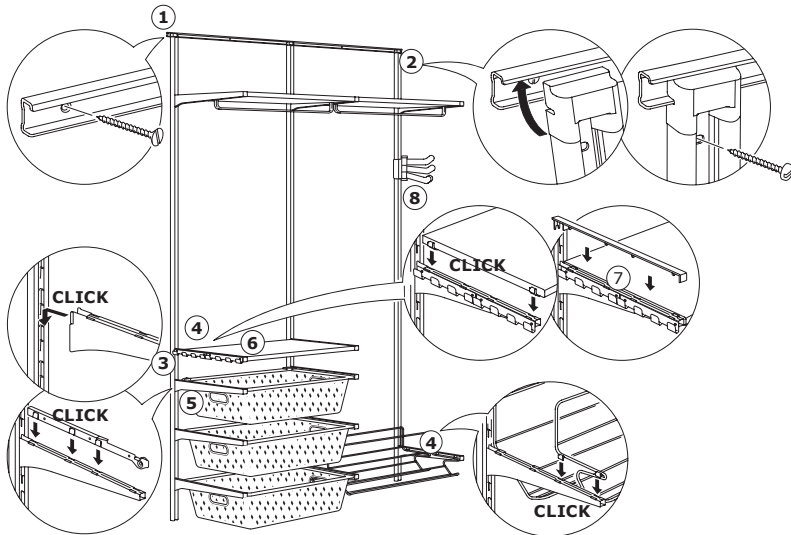

Example no 1
 $1+23\frac{5}{8}+1= 25\frac{5}{8}$ "

Example no 2
 $1+23\frac{5}{8}+\frac{5}{8}+23\frac{5}{8}+\frac{5}{8}+23\frac{5}{8}+1= 74 \frac{3}{16}$ "

HOW TO BUILD

Wall-mounted solutions

1. Install ALGOT suspension rail on the wall to help you hang the wall uprights evenly and with the right spacing between them. Use flathead screws with a screw head of $\frac{1}{4}$ ". You will need 3 screws for the 26", 4 screws for the $34\frac{5}{8}$ " and 7 screws for the $74\frac{3}{4}$ " length.

2. Hang the wall uprights from the suspension rail, space them and then secure them to the wall. Use round-headed screws with a screw head between 0.18 - 0.35". You will need 3 screws for the 22", 4 screws for the $33\frac{1}{8}$ " and 8 screws for the $77\frac{1}{8}$ " high wall upright.

3. Click brackets into ALGOT wall uprights wherever you want to have a shelf or accessories like a basket or shoe organizer. One bracket holds two ALGOT shelves or other accessories. Brackets and shelves come in three different depths: $7\frac{1}{8}$ ", 15" and $22\frac{3}{4}$ ". Shelves also come in three different widths: $15\frac{3}{4}$ ", $23\frac{5}{8}$ " and $31\frac{1}{2}$ ". See the front cover of this buying guide for all ALGOT shelving max loads.

4. Click the shelves, shoe organizers, drying racks and/or other accessories into the brackets. Use different bracket depths to hold up to three shoe organizers: an 7" deep bracket holds one, a 15" deep bracket holds two and a $22\frac{3}{4}$ " deep bracket holds three.

5. Click ALGOT pull-out rail for baskets into the brackets where you want to have baskets. Install the fixtures and slide the basket into the pull-out rail.

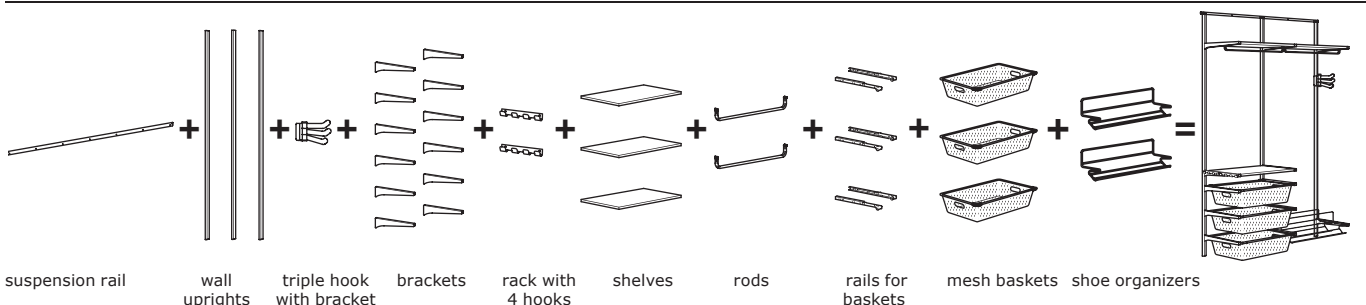

6. Click ALGOT rack with 4 hooks into a bracket to hang things on the ends of your ALGOT wall-mounted storage solution. Use one rack or several (up to three), which can be mounted in a row in the deepest ALGOT bracket, $22\frac{3}{4}$ ".

7. Place the cover strips on top of each bracket to keep shelves and accessories firmly in place and give a clean finish.

8. Accessories with bracket you click right into ALGOT wall upright, no separate brackets required. In the above example the ALGOT triple hook with bracket is shown.

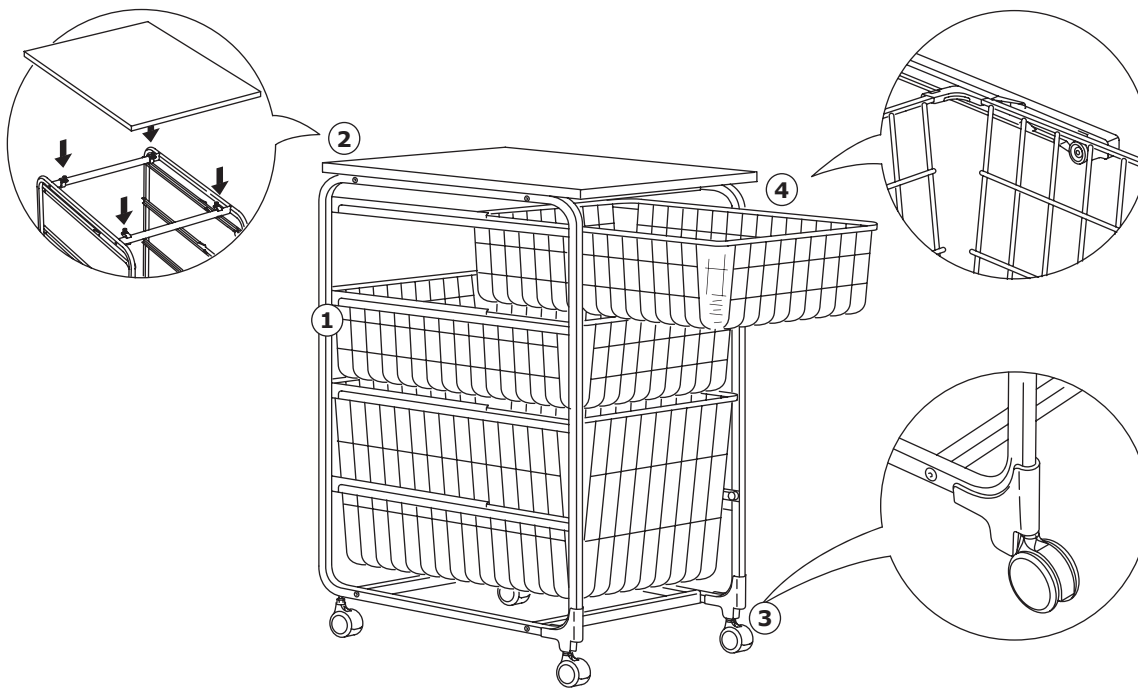

Note! Screws and any other fasteners you might need to mount your solution securely to the wall (e.g. wall anchors) are not included. Different wall materials require different types of fasteners. Use fasteners suitable for the walls in your home.

For this combination you need:

HOW TO BUILD

Floor-standing solutions with casters

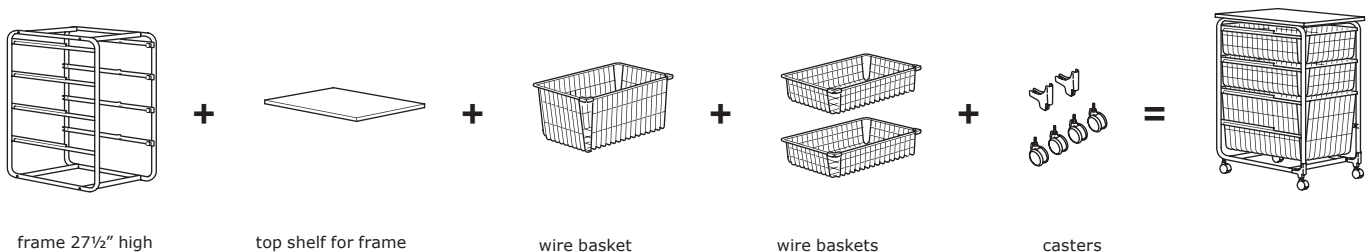

1. Choose the 39 $\frac{3}{8}$ " frame with clothes rail, 27 $\frac{1}{2}$ " frame or laundry bag with frame to create a combination with casters. Note, for safety's sake, these are the only frames that can have casters. Do not add casters to these frames if they are stacked with another frame.

2. Add ALGOT top shelf on top of the frame for extra storage space.

3. Add casters. For safety's sake, add anti-topple protectors (included with casters) on the two front casters of the 27 $\frac{1}{2}$ " frame.

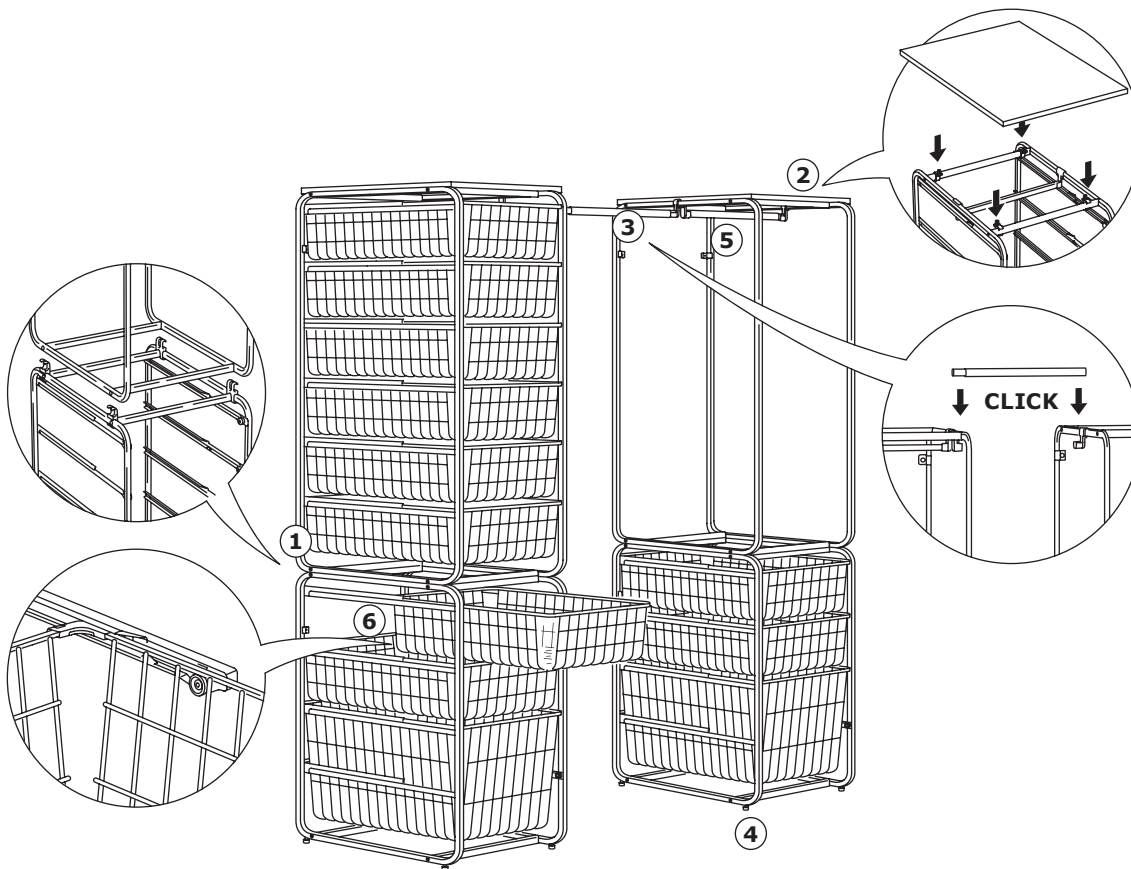

4. Add wire and/or mesh baskets, available in two different heights: 5 $\frac{1}{2}$ " and 11 $\frac{3}{8}$ ". Use the pull-out stop fixtures (included with each basket) to keep baskets in place and moving smoothly.

for this combination you need:

HOW TO BUILD

Floor-standing solutions without casters

1. Choose your frames, available in 27½", 39⅜" and 39⅜" with clothes rail. Use clips (included with frames) to attach one frame on top of another.

2. Add ALGOT top shelf on top of the frame for extra storage space.

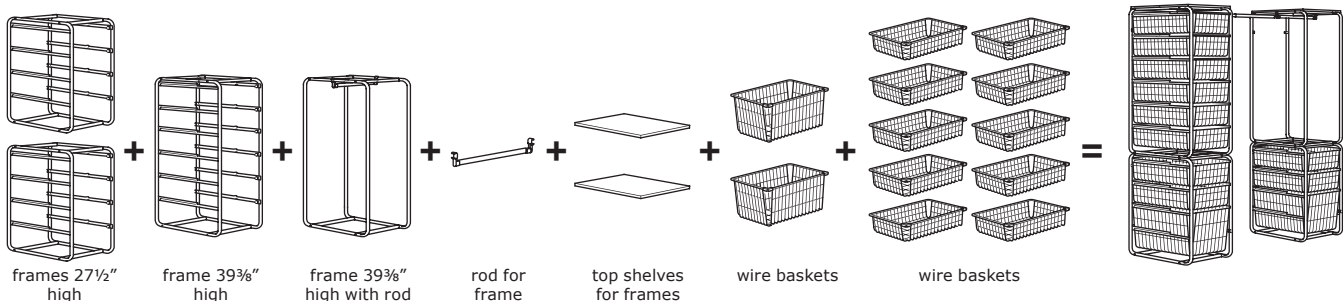

3. Click ALGOT clothes rail for frame in place. It extends from 15¾" to 23⅝".

4. You can adjust the feet on the frame to make sure it's level.

5. Adjust the distance of the frames from the wall using the fixtures (included with frames) before you secure the frames to the wall. All frames must be secured to the wall for safety, regardless of whether you stack them on top of each other or use them individually. The only exception is the 39⅜" frame with clothes rail, which may be used without securing if it is not stacked with another frame.

6. Add wire and/or mesh baskets, available in two different heights: 5½" and 11⅜". Use the pull-out stop fixtures included with each basket to keep baskets in place and moving smoothly.

for this combination you need:
