

BUYING GUIDE

KALLAX

Shelving unit system

CARE

Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

SAFETY

Caution! To prevent toppling, all furniture more than 31" high should be secured to the wall with the enclosed anchoring device. Different wall materials require different types of fasteners. Use fasteners, sold separately, that are suitable for the walls in your home.

Simple, but versatile

You can use one product from the KALLAX series or combine them to create a larger solution for all your storage needs. You can also complement with inserts, boxes and baskets, and finish by adding casters and lighting. There are even different colors and finishes to choose from to suit your style.

A high standard of accuracy has been sought in the preparation of this brochure. We apologize for, but will not be bound by or responsible for, errors and omissions in this brochure.

All the products (shown here) may not be available at the store. Some prices may vary by store. Please contact the staff or visit IKEA-USA.com for more information. For more detailed product information, see the price tag and the Internet. All units require assembly.
