### Combine and vary

The KARLSTAD seating series contains several comfortable sofas and armchairs that you can combine as you like. For example, you can build an adjustable chaise into the sofa and get plenty of room to stretch out and relax. If you want to both sleep and sit comfortably, choose the sofa-bed with a foam mattress and seat cushions. There are also covers in many different materials, colors, and patterns. All this means you can change style as often as you like – without changing the sofa.

### Always in style

The timeless KARLSTAD seating series is especially comfortable, because the seat cushions offer good support and the back cushions form to the contours of your body. And if you like to lean against armrests, these have an extra soft comfort zone on the inside.

# HOW TO CONVERT

You can quickly convert KARLSTAD sofa-bed into a comfortable bed for two – bed size 55 $\frac{1}{8}$ ×79 $\frac{3}{4}$ ". First, lift the latch on the front of the sofa and pull the bed out as far as it goes. Then lift the handle on the lid of the storage box until you hear the sound of a click. That means the lid is locked in place and you can take out

stored bedlinens with ease. Then lower the lid again by pushing it slightly backwards, while undoing the latch on the right. Now you can put the seat cushions in place – and make the bed.
