Create your own wardrobe

By combining frames and doors from the PAX series with items from the KOMPLEMENT series of interior organizers, you can create exactly the wardrobe you need. Or you can choose one of our suggested storage solutions and add or remove interior organizers as you wish.

Hinged doors give a clear view of your clothes, so it's easier to find what you want. Sliding doors save space since they don't need extra room when they're open. Whatever you choose, the result is a wardrobe that suits both your home and your clothes.

Use our planning tools

You can create your wardrobe on the planner found in the PAX area at the store, or in the comfort of your own home. Just visit the bedroom department at **IKEA-USA.com/ PAXplanner** and get a wardrobe uniquely designed for you, by you.

Do it yourself or let us help

You might well be able to do everything yourself, but you don't have to! Let us help make your wardrobe dream a reality with our services like delivery, assembly, and order picking with home delivery. Read more at **IKEA-USA.com/ services**.

A high standard of accuracy has been sought in the preparation of this brochure. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide. All products shown here may not be available at the store. Some prices may vary by store. Please contact the staff or visit IKEA-USA.com for more information. For more detailed product information, see the price tag and the internet. All units require assembly.

CHOOSE YOUR WARDROBE

We have a wide range of PAX/KOMPLEMENT combinations from which to choose. If you find a solution you like, and which almost matches your needs, you can make adjustments to it using our online planner.

Begin by looking through the ready-made combinations on the internet or in the planner gallery, and choose one that inspires you. You will then have a pre-designed combination to start from that you can customize to your needs. You can, for example, change the size and the color of the wardrobe, or the interior organizers.

You can also use the planner to design your own unique wardrobe from scratch. No matter whether you are thinking of adapting one of our existing solutions or designing your own wardrobe, there are four simple steps to follow.

1. Choose your PAX frame.

Consider how much space you have available in your room. It's important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.

2. Pick your style.

What color do you want your wardrobe to be? We offer a wide selection of sliding and hinged doors in different colors and finishes. You can choose from a variety of knobs and handles for hinged doors to match your style.

3. Choose KOMPLEMENT interior organizers.

Think through your day-to-day needs. Do you have a lot of shoes? Then shoe shelves, pull-out trays with shoe rails, or pull-out shoe shelves would be perfect for you. Or perhaps you have a lot of pants? Then a pants hanger will come in handy. If you keep your summer and winter clothes in the same place, deep wire baskets will store your clothes neatly away until they are needed.

4. Choose other accessories.

Once you have decided on the interior organizers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and baskets from our extensive range of interior accessories. Choose from our selected lighting range to help illuminate your wardrobe.

The PAX/KOMPLEMENT planner helps you to calculate the price of your wardrobe and allows you to print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the wardrobe area of the store or in the comfort of your own home. Just visit the wardrobe department on the IKEA website and go to the PAX/KOMPLEMENT wardrobe planner:

INTEGRATED WARDROBE LIGHTING

Dark wardrobes do not make for a quick choice of clothing in the morning. Our integrated wardrobe lighting can help you see what you have (or don't have!) to wear. The LED lights in our KOMPLEMENT series are designed to fit perfectly in our PAX wardrobes. They don't emit much heat, so they're ideal for narrow spaces. Simply open the door, and they're on. In compliance with California Title 20 Regulations, lighting prices and features may vary in the State of California. Please see your local store for details.

PLAN THE INSIDE

Plan your interior from the KOMPLEMENT range using this basic guide. You can plan the interiors for both 79¼" and 92⅞" high wardrobes. The squares beneath each interior organizer refer to the approximate total width and height of the product as well as the needed space between two interior organizers.

Sketch the organizers of your choice on the chart to design the interior that suits your needs, or plan your wardrobe online at IKEA-USA.com/PAXplanner.

IKEA will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, IKEA through its own service operations, will then, at its sole discretion, either repair the defective product or replace it with the same or a comparable product. If it is covered by this limited warranty, IKEA will pay the costs of repairs, spare parts, labor and travel for repair staff, that IKEA incur, provided that the product is accessible for repair without special expenditure. This does not apply to any repair work not authorized by IKEA. Replaced parts become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement.
