A lot of sofa for your money

STOCKHOLM sofas are big, generous sofas with quality materials and carefully planned details. Like seat cushions that provide comfortable support for your body – and regain their shape easily when you stand up because they're filled with high resilience foam and polyester. And plump back cushions and padded armrests that are cozy to curl up against. You can choose between covers in highly durable full-grain leather or soft luxurious velvet, among others. With STOCKHOLM you get high quality and comfort at an unbeatable price.

Your new favorite chair

STOCKHOLM high back armchair and STOCKHOLM swivel easy chair are made of moulded high resilience foam which provides comfort and support – and keeps its shape for years. The armchair is ideal if you like to curl up and read or watch TV, because its high back and wide seat make it extra cozy. Both chairs come with fixed covers in high quality materials, like velvet, among others. You can use one chair alone or combine it with other chairs or sofas in the STOCKHOLM series for a fully coordinated living room.

High quality leather that gets more beautiful with time

STOCKHOLM sofa is covered with highly durable full-grain leather which is dyed and only a light surface coating is added for protection. This leather breathes easier and makes the sofa softer and cooler to sit on. The full-grain leather on your sofa will become even softer and acquire a warmer tone and a beautiful patina over time.

* Fixed covers

- MOSTA: cotton/linen fabric with a printed pattern. Machine washable armrest protectors.
- GAMMELBO: yarn-dyed cotton/linen/polyester/viscose fabric. Dry clean.
- RÖSTÅNGA: cotton/polyester/viscose fabric with a soft surface structure. Dry clean.
- SANDBACKA: cotton/polyester fabric in velvet quality. Dry clean.

1. SEGLORA: soft leather almost without surface treatment. Do not use any leather treatments, including ABSORB, but use the soft brush attachment on the vacuum and, if needed, a slightly damp cloth.

2. DELIKAT: cowhide cover; natural variations in the material give each footstool a unique pattern.

For more information, please read the Leather and Other Sofa Materials brochure.
